

EYE CARE OF DELAWARE^{LLC}

April 22, 2026

To my patients,

After 39 fulfilling years of practicing optometry, I will be retiring at the end of April 2026. It has been a privilege to care for your vision and the health of your eyes. I am grateful for the trust you placed in me. Thank you for allowing me to be part of your lives and, in many cases, with your family or friends. I am so glad we could share a laugh or a smile along the way!

While this is a bittersweet moment, I am excited to introduce Rocio Pasion, O.D., who will be stepping in to continue the high standard of care we've worked to provide. Dr. Pasion is a board-certified optometrist with extensive experience in comprehensive eye care and medical optometry. She provides care for patients of all ages, with a special interest in pediatric vision care, ocular disease management, and pre- and post-operative surgical co-management. She will begin seeing patients in May.

Eye Care of Delaware is taking the necessary steps to ensure the continuity of your care. If you have any questions or are interested in scheduling your next appointment, please call our office at 302.454.8800.

Thanks again for letting me be your eye doctor.

Sincerely,

John Otto, OD
